Introduction

Kalkeri Sangeet Vidyalaya is committed to empowering the lives of children from socially marginalised and economically disadvantaged backgrounds by offering an enriching education.

Our approach integrates an intensive and rigorous academic program with an engagement in the performing arts, providing students with the tools to reach their full potential and secure a brighter future.

Founded in November 2002, the school is located in a tranquil valley near Dharwad, creating an ideal environment for both academic and artistic growth. This serene setting supports students in their studies, musical practice, and cultural activities, while also ensuring they receive essential nutrition and healthcare.

Throughout the 2023-24 academic year, KSV proudly welcomed 230 students aged 6 to 25. We are dedicated to guiding students from their early educational stages through to the completion of their studies, fostering not only academic excellence but also personal development through a nurturing and compassionate approach.

Our Core Values

Our approach is guided by five core values that shape the personal and artistic development of our students. These values play a vital role in our approach, guiding the development of well-rounded individuals, preparing them contribute positively to society.

INTEGRITY

COMPASSION

EQUITY

COOPERATION

ACHIEVEMENT

Integrity is a key aspect of our educational philosophy. We emphasise honesty, ethical behaviour, and personal responsibility, guiding students to uphold high moral standards in their lives.

Compassion is nurtured by encouraging empathy and understanding. We aim to instil kindness and sensitivity, helping students support and care for their peers and community.

Equity is central to our approach. We are committed to providing equal opportunities for all students, regardless of their socio-economic background or other differences, ensuring that everyone has the resources needed to thrive.

Cooperation is promoted through collaborative activities and group projects. Students learn to work together effectively, developing teamwork and communication skills essential for harmonious collaboration.

Achievement is recognised and celebrated in all aspects of students' lives. We support their successes, whether academic, artistic, or personal, fostering a sense of pride and motivation.

By embedding these core values into our approach, KSV aims to nurture individuals who embody these principles and contribute meaningfully to their communities.

Academic Department

Primary and Secondary Education

The Academic Department at KSV is dedicated to delivering a child-centric education that accommodates diverse learning styles, allowing each student to progress at their own pace. We strive to create an inclusive learning environment that embraces innovative teaching methods.

Our teachers engage in continuous professional development and are encouraged to integrate new technologies, such as educational apps and tools into their classrooms.

We employ a range of teaching methods, including the Reciprocal Method, Collaborative Learning, Experiential Learning, and Peer-to-Peer teaching, to enhance student engagement and understanding. Additionally, our teachers use various teaching aids, activity books, and online resources to create dynamic learning experiences.

By maintaining this adaptive and inclusive approach, we aim to provide a solid educational foundation for each student.

Student Demographics

Standard	Age Range	Boys	Girls	Total
1st	6 - 7	9	6	15

Higher Education

At KSV, we are committed to inspiring our students to pursue higher education after completing secondary school. Currently, 82 KSV students are advancing their education with our support: 22 in PUC College, 49 in undergraduate degree programs, 9 in postgraduate degree programs, and 2 are undertaking private coaching courses.

Whether they choose to stay at KSV or enrol in colleges and universities elsewhere, we support their academic journey with both financial and moral assistance.

Our students' success is our pride. Through personalised guidance, ample resources, and ongoing encouragement, we help them achieve their academic and professional goals. We emphasise the importance of continuous learning and the value of higher education, recognising that further studies are key to personal growth and future achievements.

Our commitment to our students doesn't end with their graduation. We stand by them as they navigate their higher education journey, ensuring they have the necessary resources and opportunities to thrive. We are proud of their achievements and dedicated to their lifelong success.

College Students Meeting

At KSV, our commitment to student success extends far beyond graduation. key element of this ongoing support is our biannual College Students' Meetings, designed to maintain strong connections as they navigate higher education.

In August and January, we hosted meaningful gatherings of over 80 college students. Around 15 students still reside on campus, while the rest have settled closer to their colleges. The meeting provided a platform for students to discuss their academic progress, share personal milestones, and outline their future goals. We also shared important updates and resources to support their continued success.

The meeting underscored our dedication to fostering ongoing student development and ensuring that our college and university level students continue to feel connected and supported as they pursue their academic and personal goals.

Alumni

We are proud to share that six more students have graduated this academic year, bringing our alumni network to a total of 135 inspiring individuals.

We equip our students with the knowledge, skills, and values needed to excel. The diverse paths our alumni have taken illustrate the effectiveness of our approach, highlighting the importance of continuous support and opportunities for growth.

The achievements of our alumni reaffirm KSV's mission: empowering children from disadvantaged backgrounds by providing them with education and support to break the cycle of poverty.

Their success stories highlight the transformative power of holistic education and the importance of continuous support and opportunities for growth.

KEY ACADEMIC ACCOMPLISHMENTS

of our students in 2023-24

100%

Students in 8th, 9th, and 10th standards successfully passed their internal exams.

100%

Students passed the 10th standard examinations.

Highlights from the Academic Department

SSLC Exam

We are thrilled to highlight the remarkable achievement of our 10th Standard students, who have excelled in the SSLC exam. This milestone reflects our unwavering commitment to academic excellence since our founding in 2002, as we continue to maintain a perfect 100% success rate. The dedication and hard work of our students have culminated in outstanding results, and we couldn't be prouder of their accomplishments.

This year, the 10th Standard batch achieved a significant passing average of 70%, with three students surpassing the 80% mark. Prema Pujari, our top scorer, achieved an impressive 88%, showcasing her exceptional talent and diligence. Additionally, Basavanya Uppar distinguished herself by securing a perfect score of 100% in her Kannada exam.

These achievements underscore the academic strengths of our students and the steadfast support of our dedicated faculty and staff. As we celebrate these successes, we remain committed to fostering an environment where every student can reach their full potential.

Prathibha Karangi

Our annual participation in the competitive Prathibha Karangi inter-school event continues to be a highlight, and this year, we are excited to celebrate the achievements of three of our talented students: Pooja Dyabimath, Kaveri Karigar in Light Music, and Vijaylaxmi Rayannavar in Folk Song. Each of them impressively advanced to the district-level finals, showcasing their exceptional talent and dedication.

We extend special congratulations to Kaveri and Vijaylaxmi, who distinguished themselves by securing first place in their respective categories.

Inter-School Sports Competition

KSV has participated in inter-school sports competitions spanning four levels: Cluster, Zonal, Taluka, and District.

At the Cluster Level, our students competed in 24 events, achieving notable success with 4 first places, 3 second places, and 1 third place. The top two finishers from each event advanced to the Zonal Level.

At the Zonal Level, our participation in 7 events yielded impressive results, with Kalmesh and the boys' throw-ball team securing a commendable second place.

We extend our heartfelt congratulations to all our student-athletes for their outstanding performances and dedication. Their achievements reflect the talent and spirit of our school community. Kudos to our students, teachers, and mentors for their hard work and support, which has shone brightly in these competitions.

Performing Arts Department

What makes KSV so special is its unwavering commitment to the performing arts. As a performing arts school, our comprehensive approach ensures that every student has the opportunity to explore and develop their artistic abilities, fostering creativity, discipline, and a deep appreciation for cultural heritage.

Each weekday morning, our students dedicate an hour to honing their chosen art form, immersing themselves in practice and refinement. Following this, from 8:30 am to 11:15 am, five days a week, students engage in focused performing arts classes, ensuring they receive ample time to develop their skills.

Students Demographics

Standard	Subject	Hours per week
1st - 4th	Elementary Classes	15
5th - 10th	Student's choice: Music, dance and drama	15

Structured Programs

To accommodate the diverse artistic interests of our students, we have designed two tracks: Elementary Classes for students in 1st to 4th standards, and Regular Classes for those in 5th to 10th standards.

Our Elementary program introduces young students to the fundamentals of the Indian classical arts, including Hindustani classical music, Kathak dance, and engaging creative activities that stimulate their curiosity and love for the arts.

In the Regular Classes, they are given the chance to specialise further, choosing from disciplines such as vocal music, tabla, sitar, violin, and drama. Many opt to pursue two art forms, dedicating extra practice hours in the evenings, four times a week. This intensive training prepares them for both internal and external performances, ensuring they reach their highest potential.

Manch Pradarshan

Manch Pradarshan is a central element of our performing arts program, providing students with a weekly program to present their progress and talents.

This event encourages students from all age groups to step onto the stage and perform in front of their peers, teachers, and the entire school community.

The atmosphere is both supportive and inspiring, helping students build the confidence, self-expression, and stage presence that are essential to their artistic growth.

Performing Arts Examination

The evaluation of performing arts is integral to our commitment to nurturing students' artistic growth. We employ a continuous assessment system where teachers regularly evaluate students' progress in their performing arts classes.

For students in the 5th standard and above, we conduct an annual internal performing arts examination. This provides students with valuable feedback on their progress and helps them refine their skills.

This year, we focused on internal examinations due to ongoing adjustments in external testing conditions. We are pleased to report a 100% pass rate in these internal examinations, reflecting the dedication and talent of our students.

Our approach ensures that each student receives the support and recognition they deserve, contributing to their development as skilled and confident performers.

Highlights from the Performing Arts Department

EdelGive Program

Throughout the year, our collaboration with the EdelGive Foundation has significantly enriched the performing arts department at KSV. EdelGive Foundation's generous support has been instrumental in the success of our "Morning of Music" programs, which have become a hallmark of our performing arts initiatives.

These events, held multiple times each semester, provide a vibrant platform for our students to showcase their musical talents and growth. Each session features a captivating blend of student performances and esteemed guest artists, creating an inspiring atmosphere that resonates deeply with all attendees.

Among the highlights of this year's programs were the performances by renowned artists such as Ustad Shafique Khan, Pandit Kumar Mardur, Nitin Shirale and Debashish Patnaik whose expertise and passion left a lasting impression. Their presence, alongside the exceptional performances of our students, underscored the transformative power of music and the invaluable role of the EdelGive Foundation in nurturing our artistic endeavours.

The continued partnership with the EdelGive Foundation plays a crucial role in nurturing our students' growth and ensuring that our Performing Arts Department remains a beacon of cultural enrichment and artistic achievement.

Nurturing Musical Heritage with the Indian Foundation for the Arts

In partnership with the Indian Foundation for the Arts (IFA), KSV embarked on a comprehensive and immersive project, guiding students through the rich heritage of classical instrument craftsmanship in Miraj, a cultural gem in Maharashtra. This initiative, aimed at fostering a deep appreciation for traditional Indian music and its instruments, unfolded in four distinct phases over the course of the year.

Phase 1

The journey began with an in-depth introduction to classical instruments such as the sitar, tanpura, and tabla. Students explored the history and evolution of these instruments, learning about their construction, various forms, and the music theory that underpins their use.

The second phase took students directly to Miraj, a hub of instrument-making for centuries. Here, they observed firsthand the artistry involved in crafting these instruments, from material selection to assembly. The artisans shared their stories, shedding light on the challenges posed by modern electronic alternatives.

Phase 2

Following the field visit, KSV hosted a hands-on workshop led by renowned vocal and sitar artists. Students had the opportunity to practice playing the instruments, learning fundamental techniques and understanding how these instruments are used in Raag Sangeet.

Phase 4: Student Showcase and Performance

The project culminated in a special music performance by KSV students, where they shared their learnings and insights gained throughout the project. This showcase celebrated their growing skills and deepened understanding of the instruments.

Phase 3

Students' Welfare Department

Ensuring the well-being of our students is a fundamental priority at Kalkeri Sangeet Vidyalaya. As a residential school, we are committed to creating an environment that supports the holistic development of each student.

This commitment extends beyond academics and performing arts, encompassing comprehensive care in nutrition, healthcare, and overall student welfare. Our structured welfare program is designed to provide a nurturing and supportive atmosphere where students can flourish and reach their full potential.

Hostels

Our campus features eight residential hostels, specifically designed for boys and girls. Each hostel accommodates approximately 25 students, categorized into Small, Medium, Big, and Senior. To ensure the well-being of our students outside of academic activities, each hostel is overseen by two dedicated wardens who provide attentive care and support.

Nutritional Programs

Nutrition plays a pivotal role in our welfare program, forming the foundation for the overall well-being of our students. Our dedicated kitchen staff prepare and serve three wholesome, nutritious South Indian vegetarian meals every day. These meals provide a balanced diet, incorporating essential nutrients that promote not only physical health but also cognitive development and mental well-being.

Our efforts extend beyond mere sustenance. By fostering healthy eating habits and ensuring a well-rounded diet, we contribute to the holistic development of our students, enabling them to thrive both physically and mentally. This comprehensive approach to nutrition supports their educational journey, helping them to perform at their best in all areas of life.

Healthcare Services

Healthcare is another critical aspect of our welfare program. Our on-campus infirmary is staffed by a dedicated team who ensure all essential basic medical needs are met. Additionally, during the year, we welcomed two volunteer nurses for a short-term period, who provided valuable assistance.

For more complex health issues, we have established partnerships with local hospitals, including SDM College of Dental Sciences and Vivekanand General Hospital, Hubli. This comprehensive approach ensures prompt and effective care for our students, staff, and volunteers.

Volunteering

At Kalkeri Sangeet Vidyalaya, volunteers are at the heart of our community, playing an indispensable role in enriching the educational experience of our students. Their dedication and diverse skills contribute significantly to the smooth running of the school and the personal growth of our students.

This year, we welcomed 20 volunteers who filled a variety of crucial roles, including providing healthcare as nurses, supporting academic growth as teachers, offering emotional support as psychologists, and managing our outreach efforts as communications coordinators.

Volunteers at KSV not only enhance our students' understanding of different cultures but also gain valuable NGO experience, develop new skills, and join a community committed to positive change.

We are now focusing on welcoming volunteers who can commit to a year or more, ensuring deeper engagement and more substantial contributions to our mission. We are deeply grateful for the dedication of our volunteers and the lasting impact they have made on our community.

Fundraising

The continued success of KSV is deeply linked with the generous support of our partners and donors. Their contributions are more than just financial support; they are the foundation upon which our school's success is built.

The funds raised play a vital role in sustaining and enhancing our programs, allowing us to continuously improve the quality of education we provide. This support helps us maintain a safe and inspiring learning environment, upgrade our facilities, and invest in resources that support both academic and personal growth.

Our fundraising initiatives have a direct impact on students' daily lives. They enable us to offer scholarships, purchase educational materials, and create opportunities for extracurricular engagement.

Furthermore, our donors' support allows us to implement innovative projects and programs that expand our students' learning experiences. This includes hosting guest artists, organising cultural events, and developing new educational resources. Such initiatives enrich our students' education and prepare them for future success.

The positive effects of these efforts are felt throughout the school and beyond. As our students thrive and succeed, they contribute to the community and become active, engaged citizens.

We are deeply grateful for the ongoing commitment of our supporters. Their belief in our mission and their generosity help us provide a high-quality education and support to our students, empowering them to reach their full potential and make a difference in the world.

Our Partners

Ongoing support from Rohini Nilekani Philanthropies

This year, we are grateful to once again receive the generous support of Rohini Nilekani Philanthropies. Their contribution covered expenses for the Academic Education, Students' Welfare, Administration and Maintenance Departments.

The impact of this partnership extends far beyond financial support. It enables us to nurture academic growth, artistic expression, and the overall well-being of our students. With this continued support, we are able to maintain high standards of education, foster artistic talent, and promote holistic development, allowing our students to thrive.

Rohini Nilekani's philanthropic vision aligns closely with our commitment to building strong communities. Their focus on fostering ethical leadership and a sense of urgency reflects a shared belief in creating a vibrant society that holds markets and the state accountable to the public good.

Rohini Nilekani Philanthropies ongoing support creates lasting change in our students' lives, empowering them to reach their full potential.

Fostering Student Welfare: Our Partnership with Danfoss Power Solutions

We are delighted to highlight the remarkable support from Danfoss Power Solutions over the past year. Their contributions have been crucial in creating a nurturing environment at KSV.

Thanks to their generosity, we have enhanced our Meal programs, improved infrastructure, and provided essential resources to our students. Their support ensures that every child, regardless of their background, has access to quality education and holistic development opportunities.

Hostel Construction

In March, we proudly completed two new hostels on the KSV campus, made possible by the generous support of Danfoss Power Solutions. These new facilities provide safe and comfortable accommodations for 58 students, significantly improving their well-being and daily lives.

The Senior Girls Hostel now houses 28 girls from the 9th and 10th standards and those pursuing higher education, while the Small Boys Hostel accommodates 30 boys from the 1st and 2nd standards. Both hostels offer improved living conditions, including enhanced bathroom facilities and adjacent rooms for wardens, ensuring a supportive environment for our students' growth and academic success.

Sustainability was at the heart of this project, with the hostels constructed using locally sourced materials such as stone, clay, and timber. The eco-friendly design, including wooden-tiled roofs, helps keep the buildings cool and in harmony with the natural surroundings of our campus.

This project was a collaborative effort, with close coordination between our staff, contractors, and volunteers. While challenges arose, we learned valuable lessons along the way, making this construction effort a great success.

Nutritious support

Danfoss continues to provide essential support by sponsoring one nutritious meal per day for all KSV students throughout the year. This contribution plays a crucial role in ensuring that each student receives a the proper nutrition they need daily fostering heir health, well-being, and enhancing their ability to learn and thrive.

The Role of the EdelGive Foundation in our Arts Journey

The EdelGive Foundation has played a pivotal role in revitalizing our Performing Arts Department. With their generous support, we successfully resumed our Sitar and Violin classes, which had been on hold since 2020 due to the Covid-19 crisis.

From sponsoring our bi-weekly Manch Pradarshan programs to providing opportunities for our students to attend external music events as listeners or performers, the EdelGive Foundation has been instrumental in the growth and success of our school and the children under its care.

One of our proudest achievements, made possible through this partnership, is the creation of a quarterly music event, 'A Morning of Music'. This program invites renowned artists to perform alongside our students, offering them invaluable exposure to high-caliber performances and enriching their participation in the arts.

Our collaboration with the EdelGive Foundation has strengthened our Performing Arts Department, allowing us to offer more activities and experiences. As a result, we've witnessed tremendous progress in our students' abilities, including solo performances, a deepened knowledge of Hindustani Classical Music, and an increased passion for their art.

Moreover, all KSV College students pursuing Performing Arts have received financial support for their studies, thanks to the contributions from the EdelGive Foundation. This partnership not only enhances our music program but also inspires our students to explore their artistic talents and deepen their appreciation for the performing arts.

Bridging the Learning Gap with SELCO Foundation

In partnership with SELCO Foundation, we have been launching a series of targeted remedial classes to address the academic challenges faced by our students due to COVID-19.

These classes have been tailored to meet the individual needs of each student, identified through a baseline study.

Scheduled from May to November 2023, the project aims to support students in regaining their academic abilities through various interventions, including peer-to-peer and small group sessions, as well as one-on-one teaching.

Through this collaborative effort, we aim to not only enhance the academic skills of our students but also boost their confidence and motivation to learn. The support from SELCO Foundation has been invaluable, enabling us to create a nurturing environment where students can thrive academically and overcome the setbacks caused by the pandemic.

Sponsorship

Our Child Sponsorship Program stands as a pillar of support for our students, ensuring they have the resources and encouragement needed to thrive.

This program aims to secure three sponsors for each child, ensuring a robust support system for our students. Currently, we are grateful to have over 400 sponsors who are deeply committed to supporting KSV students.

Throughout the past academic year, we were thrilled to welcome 32 new sponsors into our community. The Child Sponsorship Program not only meets over half of KSV's funding requirements but also enriches the educational journey of our students through sustained engagement and support.

Each sponsor's contribution extends beyond financial aid; it builds meaningful relationships that inspire and uplift our students. Through letters, updates, and personal interactions, sponsors provide the encouragement and motivation that fuels our students' aspirations and achievements.

The impact of the Child Sponsorship Program is evident in the enhanced educational opportunities, essential resources, and holistic development our students receive. The program's success demonstrates the critical role of community involvement in fostering a nurturing and empowering environment where every child can thrive.

Annadaan

The Annadaan program, meaning "food donation," plays a crucial role in ensuring that each of our 220 students receives healthy and balanced meals throughout the year, allowing them to focus on their studies.

Throughout the 2023-2024 academic year, the Annadaan program has made a significant impact, with generous contributions from 315 donors. These donations not only sustain the physical health of our children but also contribute to their overall development, creating an environment where they can thrive academically and artistically.

Our dedicated team manages the Annadaan program, recruiting donors and coordinating food donations to ensure every child is nourished. We also warmly welcome guests who visit KSV after making their contributions, fostering a deep connection between the school and our supporters.

The Annadaan program is an ongoing testament to the power of generosity, and we are immensely grateful to the individuals and organisations whose donations help provide a strong foundation for our students' future.
